Muhammad Hasil

Discord.js Specialist || MCSA Certified
Lahore

Summary

I am a Front End Web developer with a vast array of knowledge in many different front end languages. I specialize in building quality applications with HTML/CSS3, bootstrap, and have a huge experience in client-side JavaScript, especially jQuery, React/Redux, and other frontend libraries and frameworks. My current stack involves Mern Stack Technologies including MongoDB, Express, ReactJS, and NodeJS ,Discord.js , quick.db. My objective is simply to be the best developer that I can be and to contribute to the technology industry all that I know and can do. I believe that my understanding of problem-solving and strong project management are also skills that have and will continue to contribute to my overall success as a developer.
